Description

This was not an easy task, create a decent looking rain covered container. The Mercury is a high capacity outdoor litter container with a 29 gallon capacity fiberglass liner and a stainless steel door. The dimensions are 24"SQx20"Bx46"H made of heavy duty hand laid fiberglass and steel reinforced, available in our standard 15 finishes and when paired with our Fusion finishes you have UV and grafitti resistance ideal for commercial environments.
