Description

The Tiburon Planter displays starkly bold and potent style, whether it's being used for plants or as a trash container. Seriously durable, this lightweight fiberglass planter is suited for both indoor and outdoor designs. UV-resistant and scratch-resistant, each planter is hand finished in a choice of marine grade paints or one of our signature metal Fusions, which will develop a unique patina over time. Shown above in 18"D x 32"H (design by Guzzardo Partnership). Following images 18"D x 32"H Shiny White, 24"D x 32"H Matte Black (Anton Prack Designs) and the last three images are 16"D x 30"H Matte Black.
