Description

The Bell Flower planter offers a fresh take on an Asian urn profile for contemporary interior and exterior designs. A robust and durable design shown above in the 30"Diameter in the Bronze Fusion finish. The Fusion finishes combine real metals with fiberglass so you have all of the benefits of metal and the lightweight qualities of fiberglass. Available in all 15 of our standard finishes and is suitable for commercial environments. Custom sizes and finishes available upon request.

Left to right: 30"D Bronze, 24"D Bronze and 24"D Copper
