Description

A dotted detail in raised relief encircles the Sunset bowl, which can be placed on a table or directly on the floor, available from 14"D to 48" Diameter. Constructed by hand to our exacting standards, this lightweight fiberglass planter is an enduring object of both strength and beauty. Finished in a custom choice of marine grade paints or trademark metal Fusions, all of IAP's designs are resistant to UV rays and scratching and are supremely suited to indoor and outdoor design schemes.

Shown above and left to right in Bronze 18"D, Bronze, Copper and Matte Black
