Description

The surface of the Karma Planter resembles a rippling waterfall of wavy lines that swell and crest as the light plays over them. An object of strength and beauty, the durable, lightweight, fiberglass construction is UV-resistant and scratch-resistant, which makes it supremely suited to both indoor and outdoor designs. Custom finished, select from fade-resistant marine grade paints or one of our trademark metal Fusions, which develop a unique patina over time.

Shown left to right: 36"L x 14"W x 24"H Copper, Bronze and Matte Black
