## Description

The Tiburon container displays starkly bold and potent style, whether it's being used for plants or as a trash container. Seriously durable, it is suited for both indoor and outdoor use. UV-resistant and scratch-resistant, each piece is hand finished in a choice of marine grade paints or one of our signature metal Fusions, which will develop a unique patina over time. Several different top options are available from trash, ash/trash, trash/recycling, ash and towel bins. We offer a range of sizes from 26"high up to 36"high, contact us directly for custom finishes, sizes and signage.
