Description

The Highline shown above is 32"H x 16"D x 16"W and is shown in Matte Grey (MG). The Highline is offered with a choice of different tops and is available as trash container, recycling, planter, and pedestal. The 32"H individual container has a liner capacity of 13 gallons and works very well as a pair with litter and recycling. This size is perfect for public spaces and is an excellent choice for a simple modern container that can fit within almost any design scheme. The Highline is available in all of our standard 15 finishes as well as custom colors.
