## Description

Available as either a planter or trash container the Phoenix is multi-purpose. Shown above in Matte Black/Cast Iron or is available in any one of our Fusion finishes. Measuring 25"D x 16"B x 37"H with a waterproof fiberglass 20 gallon liner. This size is the perfect capacity for medium to somewhat heavy traffic areas, when matched up with our Fusion finishes you have UV and graffiti resistance ideal for commercial environments. Constructed with heavy duty hand laid fiberglass and steel reinforcement the Titan will stand the test of time with a long life cycle.
